

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

There needs to be a continued effort to keep the markets open and competitive. I recommend the FCC to not allow the removal of cable oversight caps because it is need to safeguard public interests, I also urge the FCC to continue with the cross-ownership rule. Do not let the interests of a few dominating corporations sway your decisions and limit the concept of open, viable free markets. I want choices and the removal of the cap would impinge on my choice. Thank you in advance.
